11.00. Plenary meeting
Auditorium №1

Chairmen:
Chissov V.I.
Parisi V.
Shevchenko U.L.
Kotenko K.V.
Reva V.D.
Smola M.

Symposium opening

FMBA Russia, AOR, WFSOS, NMSC

Lectures:
2. Prof. V.Parisi.(Italy) – Neoadjuvant treatment of locally advanced rectal cancer.
3. Prof. H.Shukla.(India) – Perineal repair.
5. Prof. M.Ramli.(Indonesia) – Surgical aspects of thyroid cancer.

Break 14.00-14.30

7. Prof. H.Friess (Germany) – Strategy in pancreatic carcinoma treatment.
8. Prof. J Jaskiewicz. (Poland) – Fat transplantation with adiposive-derived cells and regenerative cells for breast reconstruction.
11. Prof. A. Holodny. (USA) –New imaging techniques in oncology.
12. Prof. Roi Devita (Italy) – The individual choice in breast reconstruction type after mastectomy.

Auditorium №1
10.00 - 13.00 Endovideorobotics and laparoscopic techniques in oncosurgery.

Chairmen
prof. V.Parisi. (Italy)
prof. M. Kalos (Czech Republic)
Prof. Vetshev P.S.
Prof. Sokolov V.V.
Prof. Khatkov I.E.

Lectures

World approach in development of robot-assisted endovideosurgery.
Prof. M. Kalos (Czech Republic)
Possibilities of laparoscopic techniques in oncosurgery. Prof. Khatkov I.E., Tsvirkun V.V., Israilov R.E. (Moscow)

Current possibilities of endoscopic surgery of hollow organ tumours. Prof. Sokolov V.V. (Moscow)

Possibilities of robotics in oncosurgery. J. Cenek (Czech Republic)

Discussions

Posters

Timely prophylaxis of Barrett oesophagus. Koshel A.P., Karas R.S, Karpovich A.V. (Seversk)

Video-assisted surgical intervention in thyroid gland cancer treatment. Reshetov I.V., Golubtsov A.K., Sevrukov F.E. (Moscow)

13.00-14.00 DINNER TIME

Auditorium № 1

14.00 - 17.00 Rare gastrointestinal and neuroendocrine tumours.

Chairmen:
Prof. H. Shukla. (India)
Prof. M. Falconi (Italy)
Prof. Butenko A.V.
Prof. Vashakmadze L.A.

Lectures:

Adjuvant treatment for localized forms of GIST. Prof. Konstantinova T.M. (Moscow)

Up-to-date tendency in treatment of rare tumours of gastrointestinal tract. Prof. M. Falconi (Italy)
Discussion:

Surgical tactics of treatment in patients with GIST.
Kolobaev I.V. (Moscow)

Long-term results after surgical treatment for primary and recurrence non-organ retroperitoneal tumors.
Vashakmadze L.A., Butenko A.V., Cheremisov V.V., Homyakov V.M. (Moscow)

Complications of primary intestinal non-Hodgkin’s lymphomas.
Z.A. Suanova, V.A. Shalenkov, I.V. Poddubnaya, S.N. Nered. (Moscow)

Treatment results in gastrointestinal stromal tumours (GIST).
Nadvikova E.A., Antonov A.A., Gladkov O.A. (Chelyabinsk)

Current treatment approaches to retroperitoneal sarcomas.
Tshepotin I.B., Vasilyev O.V., Lukashenko A.V., Rosumiy D.A., Prijmak V.V. Zhukov U.A. (Kiev, Ukraine)

Posters:

Forecast factors in survival rate and recurrence for non-organ retroperitoneal tumors.
Vashakmadze L.A., Butenko A.V., Cheremisov V.V., Homyakov V.M (Moscow)

Auditorium № 2
10.00 - 13.00 Physical methods in oncology.
Chairmen:
Prof. Joo Ha Hwang. (USA)
M.D. Filonenko E.V.
Prof. Velsher L.Z.
Prof. Domrachev S.A.

Lectures:

Choice of photosencitizer for photodynamic therapy.
Filonenko E.V. (Moscow)

Possibilities of application of hypertermic chemoperfusion in combined treatment in gastric cancer and rare forms of intraperitoneal tumours.
Ter-Avanesov M.D. (Moscow)

Discussion:

Efficiency estimation of intraoperational photodynamic therapy installation with photodytazine in patients with gastric cancer IIb stage.
Gafton G.I., Gelfond M.L., Yegorenko V.V., Gelfond V.M. (Moscow)

Possibilities of photodynamic therapy in non-small-cell lung cancer.
Aminodov S.A. (Ivanovo)
Role of photodynamic therapy in combined treatment in vulva cancer.
Krikunova L. I., Kaplan M.A., Rykova E.V., Kondratyeva E.A., Yevstigneev A.R. (Obninsk)

Photodynamic therapy in treatment of oral cavity and skin cancer. Petrovskiy V.U., Titova V.A. (Moscow)

Photodynamic therapy as method of choice to treatment for oropharyngeal cancer.

Possibilities of photodynamic therapy providing in Republican clinical oncological dispensary of Department of health in Republic of Tatarstan.
Khusainova G.N., Duglav E.A., Ivanov A.I., Gataullin I.G., Khasanov R.S. (Kazan)

Possibilities of HIFU – therapy
Khohlova V. (USA)

Results of multimodality treatment in metastatic hepatic cancer and unresectable pancreas cancer with HIFU application.

Experience of HIFU application in tumour treatment.
Hitrova A.N. (Moscow)

Radiothermoablation – new targets.
Prof. Makarov V.K., Matorin O.V. (Moscow)

Intelligent CO2 laser surgical systems for precision removal of neoplasm.
V.H.Kortunov, A.K.Dmitriev, A.N.Konovalov, V.A.Ulyanov, (Troitsk)

Posters:

Intraoperative fluorescent diagnostics for lymph node metastases in oncomammology.

Skin cancer treatment with the help of photodynamic therapy in Republican clinical oncological dispensary of Department of health in Republic of Tatarstan.
Khusainova G.N., Gataullin I.G., Khasanov R.S. (Kazan)

Objective effect of treatment in bone metastasis of breast cancer with the help of radiotherapy and vortical magnetic field (VMF).
Vasilenko I.N., Bakhmutskiy N.G. (Krasnodar)

Clinical-instrumental five-year results in treatment of nodal benign brest tumours by method of electrochemical lysis.
Shchayeva S.N., Borsukov A.V., Solovyov V.P., Narezkin D.V. (Smolensk)

Estimation of potential and safety in application of new hi-technology method of ultrasound ablation in oncology.
Nazarenko G.N., Hitrova N.K., Krasnova T.V. (Moscow)
13.00-14.00 DINNER TIME

Auditorium № 2

14.00 - 17.00 Actual problems in head and neck oncosurgery.

Chairmen:
Prof. J.Karling (Sweden)
Prof. M. Ramli (Indonesia)
Prof. Olshanskiy V.O.
Prof. Romanchishen A.F.
Prof. Sdvizhkov A.M.

Lectures

Voice rehabilitation with new constructional voice prosthesis.
Prof. J.Karling (Sweden)

Surgical hemostasis in thyroid gland tumour treatment.
Prof. Reshetov I.V. (Moscow)

Maxillofacial rehabilitation in oncological patients. G.Margolin (Sweden)

Discussion:

Rehabilitation of voice function with implantation of voice prosthesis after laryngectomy.
N.M.Amiraliev, E.N. Isaeva, A.T. Iskanderova ( Baku, Azerbaijan)

Up-to-date arsenal of phonopaedist in voice rehabilitation after treatment for larynx cancer.
Osipenko E.V., Mikhanevskaya I.A. (Moscow)

Rehabilitation of voice function in patients after laryngectomy and laryngopharyngectomy in case of cancer.
E.N. Novogylova, N.P. Zabazniy, S.A. Sergeev, M.N. Juravlev (Moscow)

Detection of primary tumour localization in patients with neck lymph node metastases without the taped primary focus.
Rudyk A.N., Zinchenko S.V., Khasanov R.S., Khamidullin R.G., CHernyshev V.A. (Kasan)

Self-descriptiveness of ultrasound in presurgical estimation of prevalence in thyroid gland cancer for children.

Neuromonitoring of recurrent laryngeal nerves at thyroid gland surgery.
Fuki E.M., Trofimov E.I., Zemlin E.M. (Moscow)

Results of treatment in patients with first diagnosed cancer in nasal cavity and paranasal sinus.
Lukach E.V., Dihtyaruk V.Y., Stregak V.V., Tsimbalyuk E.N., Zaytseva N.V. (Kiev.Ukraine)
Dayhes N.A., Davudov H.S., Nazhmudinov I.I., Akopyan K.V. (Moscow)

Posters

Preventive surgery in lymphatic system for larynx cancer.
N.M. Amiraliev, E.N. Isaeva, A.T. Iskanderova (Baku, Azerbaijan)

Diagnostics in maxillary cancer.
Byashinov A.Y., Djumaev M.G., Atayev S.H. (Ashkhabad, Turkmenistan)

Possibility of respirational rehabilitation in patients after laryngectomy.
Novojilova E.N. (Moscow)

Modern aspects of neck lymph nodes dissection.
Vinogradov V.V., Trofimov E.I., Kluchikhin A.L. (Moscow, Yaroslavl)

Cryosurgical method of treatment in advanced larynx cancer nonrecovered by radiotherapy.
Yavorskaya N.I. (Sochi)

Preliminary analysis of efficiency in inductional chemotherapy in advanced laryngopharyngeal cancer.
Bolotina L.V., Kravtsov S.A., Kornietskaya A.L. (Moscow)

Up-to-date possibilities of combined treatment in locally advanced radioresistant larynx cancer.
Pankratov V.A., Andreev V.G., Rognov V.A. (Obninsk)

Radiothermoablation in treatment of malignant tongue tumor.
Reshetov I.V., Matorin O.V., Golubtsov A.K., Koritskiy A.V. (Moscow)

Surgical treatment in malignant tongue tumor with single-stage reconstruction with island cutaneous flap.
Pismenniy V.I., Pismenniy I.V. (Samara)

Auditorium № 3

10.00 - 13.00 Reconstructive, reparative surgery and orthopedy.
Chairmen:
Prof. Milanov N.O.
Prof. J. Jaskiewicz. (Poland)
Prof. Nerobeev A.I.
Prof. Teplyakov V.V.
Prof.Drobyshev A.U.

Lecture

Surgical treatment of the radio induced sarcomas.
K. Von Smitten (Finland)

Discussion
Rehabilitation of oncological patients with through defects of the bottom face zone.

Important aspects of microsurgical reconstruction of middle face zone in oncological patients.

Cervical esophageal cancer, way of reconstruction.
Pismenniy V.I., Osokin O.V., Pismenniy I.V. (Samara)

Possibilities of a method microsurgical autotransplantation fabrics at elimination defects of average and bottom face zones.
Trofimov E.I., Milanov N.O., Saratovtsev D.M. (Moscow)

Microsurgical oropharyngeal plastics with autografts in oncological patients.

Rehabilitation of patients with osteoradionecrosis of the bottom jaw.
Isaev P.A., Medvedev V., Pasov V.V., Semin D.U., Derbugov D.N., Polkin V.V. (Obninsk)

Role and place of reconstructive surgery in oncoorthopaedics.
Teplakov V.V., Karpenko V.U., Bukharov A.B. (Moscow)

Reconstruction of a costal skeleton with usage of nikellodium of the titan at the combined treatment of malignant new growths of a chest wall.
Dgeravin A.A., Gunter V.E., Garbukov E.U., Dgamgaryan G.S. (Tomsk)

Elimination of defects of integumentary fabrics of distal departments of the bottom finitenesses after removal of tumours.
Zhukovets A.G., Ovchinnikov D.V., Dzerginskiy I.E. (Minsk, Belarus)

The orthopedic grant at patients with metastasises of a cancer of a mammary gland in a bone.
Teplakov V.V., Karpenko V.U., Bukharov A.B., Ilushin A.L., Derzhavin V.A. (Moscow)

Biopsy at vertebral tumours.
Zhukovets A.G., Kasyuk A.A.. (Minsk, Belarus)

Endoprosthetics of large joints in a combination with intraoperational beam therapy (IOBT) in complex treatment of bone sarcomas.

Replacement of bone defects by natural corals (clinical research).
Teplakov V.V., Sergeeva N.S., Frank G.A., Karpenko V.U., Sviridova I.K., Bukharov A.B., Myslevtsev I.V., Akhmerova E.B. (Moscow)

Vascular surgery in treatment of oncological patients.
Danilin E.I., Velsher L.Z., Danilin I.E., Reshetov D.N.
**Posters:**

A malignant course of giant-cell tumour of sacrum. A case report.

Planned faringostoma - a way of formation and its efficiency in surgical treatment of widespread laryngeal tumours.
Pismenniy V.I., Krivoshekov E.P., Pismenniy I.V. (Samara)

13.00-14.00 DINNER TIME

**Auditorium № 3**

**14.00 - 17.00 Surgical technologies in oncogynecology**

Chairmen:
Prof. Novikova E.G.
Prof. K.Friese. (Germany)
Prof. Ashrafyan L.A.
Prof. Kira E.F.

**Lectures**

Application experience of trachelectomy in oncologic patients
Prof. Novikova E.G. (Moscow)

Actual problems of oncogynecology.
Prof. K.Friese (Germany)

Experience of surgical treatment of endometrial cancer with use of robot-assistant complex «DA VINCI».
Prof. Kira E.F., Politova A.K. (Moscow)

Surgical treatment of local advanced cervical cancer.
Ashrafyan L.A. (Moscow)

**Discussion**

Abdominal radical trachelectomy in the conditions of a regional oncologic dispensary.
Kazantseva M.V., Porkhanova N.V., Tsaplina N.N.

Endosurgical treatment of proliferative processes of endometrium at patients with a metabolic syndrome.
Chernysheva A.L., Kolomiets L.A. (Tomsk)

Prophylaxis of postoperative complications at patients of cervical cancer after an expanded hysterectomy.
.V. Tarkhov, S.E. Krasilnikov, A.V. Gerasimov, E.V. Babayants, N.A. Afanasyeva, A.P. Kulidganjan, V.G.Sisakyan. (Novosibirsk)
Organ preservation surgical treatment of ovarian tumours.
Nagulo S. A., Chernova L.F. (Chelyabinsk)

Posters

Our experience of organ preservation treatment for initial endometrial cancer at genesial age.
Pashov A.I.

Treatment of patients with cervical cancer using chemoembolisation of uterine arteries.
M.B. Yakubova, K.V. Yugay, I.T. Makhmutov, O.K. Kulakeev (Shymkent, Kazakhstan)

Independent hormone therapy of minimal high differentiated endometrial adenocarcinomas.
Evrakhina L.V., Nefedova O.V., Busarova A.V., Tomashevskiy D.V., Polymestnaya A.V., Demidov S.U. (Krasnodar)

Achievements of modern ultrasonography at cervical cancer
Vorgova D.N., Vagenin A.V., Voronin M.I. (Chelyabinsk)

Ultrasonic criteria of an estimation postoperative period course in patients with ablation of endometrium.

MRI in a choice of tactics for treatment of cervical cancer.
Kudrevatyh E.V., Ter-Arutunyants S.A., Sinitsyn E.V., Mershina E.A. (Moscow)

Combined laser therapy it treatment of background and precancer diseases.
Krikunova L.I., Kondratyeva E.A., Evstigneev A.R. (Obninsk)

Direct results of postoperative hyperthermal for intraperitoneal chemoperfusion in ascetic ovarian cancer.
A.N. Abdikhakimov, D.A. Sulaymonov, M.A. Gafur-Akhunov, A.A. Kasymov, U.N. Abdikhakimov. (Tashkent, Uzbekistan.)

Ultrasonic topometry and echonavigation in oncogynecology.
Sokolova O.S., Gorbushina T.E., Golenkivskiy A.N., Sirotla L.D. (Krasnodar)

Experience of surgical treatment for early cervical cancer at women from Novosibirsk region.

Interrelation research between volume of a primary cervical tumour, corpus uteri cancer and pelvic lymph nodes involvement.

Immunologic efficiency of "ALLOKINE-ALPHA" at treatment of cervical precancer with chronic HPV-infection.
Bakhlaev I.E., Kovchur P.I. (Petrozavodsk)

Laser destruction of pretumoral diseases of cervix in women with chronic HPV-infection.
Kovchur P.I., Bakhlaev I.E. (Petrozavodsk)
1 June 2010

Auditorium № 4

10.00 - 13.00 Intensive care in oncosurgery

Chairmen:
Prof. Osipova N.A.
M.D. Khoronenko V.E.
Prof. Sviridov S.V.
Prof. Somonova O.V.
Prof. Shulutko E.M.

Lectures

Enteral nutritive support in head and neck surgery.
Prof. Osipova N.A., corresponding member of RAMS, Prof. Reshetov I.V., Pankratova M.A., Filushin, M.M., Dolgopolova T.V., Sevrukov F.E. (Moscow)

Protein-energy insufficiency and its correction in patients with surgical infections.
Sviridov S.V., Bakushin V.S., Svartsev A.O., Fedorov S.V. (Moscow)

Report and peculiarity of treatment in oncological patients with complicated somatical status.
Tsvetkov D.S. (Moscow)

Nutritive support in patients with stress hyperglycemia during intensive care in oncological hospital.
Yatskov K.V., Shulutko E. M. (Moscow)

Enteral feeding and ways of its delivery in patients with advanced oncological process.
Filushin M. M. (Moscow)

Perioperative profilaxis and correction of immunosupression in stages of surgical treatment in oncological patients.
Donskova U.S., Nemtsova E.R. (Moscow)

Application of low molecular weight heparin in perioperative stage in oncological patients.
Somonova O.V., Madjuga A.V., Elizarova A.L., Sviridova S.P. (Moscow)

Anesthetic management and intensive care in oncoorthopedic operations, accompanied by massive hemorrhage.
Ivanina I.V., Shupak M.U., Khoteev A. G. (Moscow)

Discussion

Nutritive support in oncological patients after surgery without application of componentry of donor blood.
Domrachev S.A. Sukach S.E. - (Moscow)

Combined treatment of recurrence of primary malignant brain tumors.
L.I. Korytova, R.M. Jabina, E.A. Maslukova, A.V. Meshechkin (St. Petersburg)
Influence of disease stage on the lethal pulmonary embolism risk in postoperative period in oncological patients.
Kasyuk A.A (Minsk, Belarus)

Alternative techniques in decrease of postoperative complications.
Chilingaryants S.G., Shikhlyarova A.I., Barsukova L.P., Marjanovskaya G.Y., Korobejnikova E.P., Protasova T.P. (Rostov-on-Don)

13.00- 14.00 DINNER TIME

Auditorium № 4

Lung tumours surgery.

Chairmen:
Acad. Kharchenko V.P.
Prof. Porkhanov V.A.
Prof. Trakhtenberg A.H.
Prof. Parshin V.D.
Prof. Polotskiy B.E.

Lectures

Evolution of surgical and combined treatment of malignant lung tumours.
Trakhtenberg A.H., (Moscow)

Mediastinal lymphadenectomy at non-small-cell lung cancer: indications, techniques of performance, results.
Porkhanov V.A. (Krasnodar)

Neoadjuvant and adjuvant chemotherapy at non-small-cell lung cancer.
Levchenko E.V. (St. Petersburg)

Modern technologies in the combined treatment of patients with non-small-cell lung cancer.
Kharchenko V.P. (Moscow)

Posters

Features of treatment of the complicated lung cancer.
A.V. Chernyh (Lipetsk)

Organ preservation surgery of ovarial tumours.
Nagulo S.A., Chernova L.F. (Chelyabinsk)
1 June 2010

13.00 -15.00 Business Center
Room 204 Master class

Chairmen:
Prof. Starinskiy V.V.
M.D. Trofimenko U.G.

Optimization of hospital management on the basis of automation. (Krasnodar).

2 June 2010

Auditorium № 1

10.00 -13.00 Master class

Double-step breast reconstruction.

Chairmen:
Prof. M. Smola. (Austria),
Prof. R. Devita. (Italy).
Prof. Vishnevskiy A.A.
Prof. Pak D.D.

Videopresentation
prof. R. Devita. (Italy).

Discussion:

Mammaplasty at patients with an operable cancer of a mammary gland.
E.V. Shapoval (Minsk, Belarus)

Features of reconstructively-regenerative surgery of defects of a forward thoracal wall in treatment of locally advanced mammary gland cancer.
Petvovskiy D.A. (Yaroslavl)

The concept of a choice of an operative measure at sick of a mammary gland cancer. (Results of treatment of 1199 patients).
Shepotin I.B., Smolanka I.I., Motuzyuk I.N., Sidorchuk O.I. (Kiev, Ukraine)

Complications of reconstructively-plastic operations at sick of the mammary gland cancer, entailed excision of prostheses.
Kochetkov R.I., Savelyev V.N., Borisov A.P., Koksharova O.G., Kokorin M.S. (Samara)

Posters

Updating of last stage of a radical mastectomy for the purpose of preventive maintenance of postoperative complications.
Pak D.D., Ermoshchenkova M.V. (Moscow)

Use of receptions reduction of mammary glands at patients of a mammary gland cancer.
Kozlov S.V., Kochetkov R.I., Savelyev V.N., Koksharova O.G., Katushin A.A., Borisov A.P.
13.00-14.00 DINNER TIME

Auditorium № 1

14.00 -17.00 Master class

**Primary breast reconstruction.**

Chairmen:
Prof. K. Von Smitten (Finland)
Prof. J. Jaskiewicz. (Poland)
Prof. Adamyan A.A.
Prof. Velsher L.Z.

Lectures:

Technologies of a sentry lymph node and single-step reconstruction of a mammary gland at a cancer.
Prof. K. Von Smitten (Finland)

Discussion:

Impact of Advances and Controversies in Breast Cancer Management on Reconstructive Approaches
Marek Dobke, M.D., Brian De Neve, M.B.A., Anne Wallace, M.D. (USA)

Ways of organ-safe operations at the mammary gland cancer.
Muzyakov V.V. (Ulyanovsk)

Expediency of performance of single-step reconstruction at a mammary gland cancer.
Ismagilov A.H., Vanesyan A.S. (Kazan)

Trapezoid flap in complex treatment infiltrating a mammary gland cancer.
Madalikhodzhaev R.S., Syzydykov K.Z. (Alma-Aty, Kazakhstan)

Primary reconstruction with use of a flap of the broadest muscle of a back in treatment of a cancer of a mammary gland.Aksenenko A.V., Osipov V.V., Polushkin D.V., Ter-Arutunyants S.A. (Moscow)

Reconstructive operations at sick of a breast cancer.
Pak.D.D., Rasskazova E.A. (Moscow)

Patobiomehanichesky changes at the patients who have transferred radical mastectomy.

The concept of a choice of an operative measure at sick of a breast cancer.
Information possibilities rehabilitation breast cancer patients.
Posters

MR-mammografija In definition of tactics of surgical treatment at a mammary gland cancer. Podberesina U.L., Mershina E.A., Sinitsyn V.E., Alekseevskaya T.V. (Moscow)

Way of primary mammoplasty with use of the big thoracal muscle, mesh implant and an endoprosthesis after a radical hypodermic mastectomy concerning a cancer. Pak D.D., Troshenkov E.A., Rasskazova E.A. (Moscow)

Auditorium № 2

10.00 - 13.00 Actual problems of oncourology.

Chairmen:
Prof. Rusakov I.G.
Prof. Chernyshov I.V.
Prof. Kovalyov V.A.
Prof. Nesterov S.N.

Lecture:
Target therapy of a cancer of a kidney.
Choice of a preparation for target therapies of a metastatic cancer of a kidney.
Rusakov I.G. (Moscow)

Discussion:

HiFu in treatment of tumours of kidneys.
Bezrukov E.A. (Moscow)

Robot-assisted operations in urology.
Prof. Nesterov S.N., Rogatchikov V.V. (Moscow)

Toxicity estimation of chemioradiotherapy of a cancer of a bladder.
Sharabura T.M., Karnauh P.A., Vazhenin A.V. (Chelyabinsk)

Brachytherapy of prostate cancer.
Sviridov P.V., Paparina M.T, Volodina T.V. (Obninsk)

**Auditorium № 4**

**10.00-13.00 Primary liver cancer.**

**Chairmen:**
M.D. Sidorov D.V.
Prof. Tcvirkun V.V.
M.D. Voskanyan S.E.

**Discussion:**

Combined paracentetic and endovascular interventions in treatment of primary and metastatic tumours of a liver.
Skupchenko A.V., Skobeltsov D.A, Korolyev D.G., Lysenko A.V. (Samara)

Surgical treatment of a metastatic lesion of a liver at sick of a colon cancer.

Operations on a liver with application of an ultrasonic destructor.

Results of treatment of metastasises in a liver at sick of a colorectal cancer.

Resections of metastasises of a colorectal cancer in a liver with application of radio-frequency equipment.
Kashnikov V.N., Shelygin U.A., Rybakov E.G., Lavrinenko A.V. (Moscow)

**13.00-14.00 DINNER TIME**

**Auditorium № 2**

**14.00 - 17.00 Abdominal Oncosurgery**

**Chairmen:**
Prof. Berdov B.A.
Prof. Agapov V.K.
Prof. Fedorov A.V.
Prof. Shelygin U.A.

**Discussion**

Locally advanced cancer of a rectum - modern technologies in the combined treatment.
Berdov B.A., Yerygin D.V., Nevolskiih A.A., Titova L.N., Yurchenko S.N. (Obninsk)

Sphincterpreservation operations as result of preoperative chemioradiotherapy of a cancer of a rectum.
Rasulov A.O., Shelygin U.A., Boyko A.V., Droshneva I.V. (Moscow)
Treatement of a cancer of a rectum with application intraoperative intrapelvical chemotherapies with a hyperthermia.
Alekseev M.V., Rybakov E.G. (Moscow)

The immediate and remote results of surgical treatment of locally advanced cancer of a head of a pancreas with a tumoral invasion of the main vessels of mezenteriko-portal system and visceral branches of an abdominal aorta.
Voskanyan S.E., Kotenko K.V., Trofimenko U.G., Arteyev A.I., Zabezhsinskiy D.A. Shabalin M.V.(Moscow)

Application of ultralow temperatures at operations concerning a pancreas cancer.

The program «Bloodless surgery» in abdominal oncology (experience of 200 operations).
Domrachev S.A., Sukach S.E. (Moscow).

Possibilities of application of chemotherapy in treatment of a carcinoma of the stomach.
Slugarev V.V., Gamayunov S.V., Denisenko A.N., Shumskaya I.S., Pakhomov I.S. (Nizhny Novgorod)

The first experience radio-frequency termoablation at patients with cancer metastasises in liver.
Koshel A.P., Klokov S.S., Krasnoperov A.V., Dibina T.V., Sevostyanova N.V. (Seversk)

Three-dimensional ultrasonic reconstruction in diagnostics of volume formations of an esophagus.
Koshel A.P., Dibina T.V. (Seversk)

Computer tomography diagnostics of locally advanced colorectal cancer.

Forecasting model of a lymphogenous innidiation at a carcinoma of the stomach.
Afanasyev S.G., Avgustinovich A.V., Chernov V.I., Sinilkin I.G., Volkov M.U. (Tomsk)

Posters:

Formation of colostomy at operations on a rectum.
Krasnoperov A.V., Koshel A.P., Pankratov I.V., Klokov S.S. (Seversk, Tomsk region)

Auditorium № 3

10.00 - 13.00 Combined treatement in oncosurgery.

Chairmen:
Prof. Skoropad V.U.
Prof. Chernichenko A.V.
Prof. Golanov A.V.
Prof. G. Margolin (Sweden)
**Lectures:**

Intraoperative radial therapy of malignant tumours.
Prof. Skoropad V.U. (Obninsk)

Brachytherapy in the combined treatment of a cancer of a root of tongue.
Prof. Margolin G. (Sweden)

Advantages of intraoperative therapy.
Prof. E. Blank (Germany)

**Discussion:**

Short-term results of postoperative pyrexial intraperitoneal chemoperfusion at ascitic forms of a cancer an ovary.

Treatment of a cancer of a rectum with application intraoperative intrapelvic chemotherapies with a hyperthermia.
Alekseev M.V., Rybakov E.G. (Moscow)

Possibilities of application of chemotherapy in treatment of a carcinoma of the stomach.
Slugarev V.V., Gamayunov S.B., Shumskaya I.S., Pahov S.R. (Nizhny Novgorod)

Radio surgical way of treatment of advanced cancer of a larynx and a laryngopharynx with use intraoperative radial therapy with high power of a dose (HDR).
Vasilchenko I.L., Pastushenko D.A. (Kemerovo)

Ultrasonic topometry and echonavigation in radio gynecology.
Sokolova O.S, Gorbushina T.E., Goenkovskiy A.N., Sirota L.D. (Krasnodar)

Complex treatment of a cancer of a mucosa of an oral cavity and stomatopharynx with use of interstitial neutron therapy.

Variants of treatment of a basal cell carcinoma with multicentric growth with a lesion of an organ of vision.
I.E. Panova, I.S. Suslo, L.E. Semenova, D.A. Vazhenina, R.A. Usova (Chelyabinsk)

**Posters:**

Objective effect of treatment of osteal metastasises of a cancer of a mammary gland radial therapy and a vortical magnetic field.
vasilenko I.N., Bakhmutskiy N.G.
vasilenko I.N., Bakhmutskiy N.G. (Krasnodar)

13.00-14.00 DINNER TIME
Auditorium № 3

14.00 - 17.00 Neurooncosurgery, intraoperative navigation and interventional technologies.

Chairmen:
Prof. Cherekayev V.A.
Prof. A. Holodny. (USA)
Prof. E. Chesnulis (Switzerland)
